

# GAS INNOVATIONS

*NON TRADITIONAL PRODUCTS, PACKAGING AND SERVICES*

**HOUSTON – TEXAS CITY, FREEPORT, BEAUMONT AREA**

**GASES: PROPANE**

**GAS INNOVATIONS:** provides commercial/industrial Propane service in the Houston area. With over 30 years experience, Gas Innovation's friendly and knowledgeable staff are dedicated to providing uncommon service and reliability for all your Propane needs.

## **BULK INSTALLATION & ON- SITE FILLING**

Bulk installations are extremely cost-effective, optimizing space and reducing cylinder handling. Southern Propane will customize a tank installation that best fits your needs. In each installation we use quality, reliable equipment, insuring that your filling station provides you with a safe constant source of fuel.

## **FORKLIFT CYLINDER EXCHANGE**

Propane is a safe, cost-effective and clean fuel to power your forklifts. We offer both on-site filling and a cylinder exchange program. With routed, reliable delivery you can depend on Gas Innovations to keep your company running.
